RESET SWITCH

# 900 RESET SWITCH

The sound of gentle touch, the temperature of your fingertips  
 The sentiment between the grids is like the color of your life  
 Every touch, every opening and closing  
 The ordinary actions in life  
 In this noisy world, pay attention to the colors in the corners  
 Experience the charm of "shape" and "grid"  
 Even if the space is limited, there are boundless excitement

### GLASS ACRYLIC

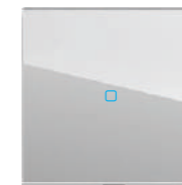

### PAINTING

curved frame, smooth texture, repeated polishing from modeling design to material selection painting + outer protection, enhance surface hardness, smoothness and wear resistance, we focus on creating a beautiful life for you.

Good interaction between design and room  
The fresh and elegant design of the lighting switch fits perfectly with the room  
The switch will not be submerged in the field of vision  
Other elements also naturally emerge.

Private spaces deserve the best quality light switches, so together with international interior design experts, we have created a key series. In the perfect shape design, it is the modern advanced technology of the world's top smart home control system manufacturer. Every switch is made to the highest standards Manufacturing, guaranteeing the longest service life: the brass parts of the switch are completely polished by hand, antique;

The beauty of the combination of point and surface, the big panel is full of momentum  
The perfect combination of soft touch points; the combination of point and surface  
The byte echoes the whole, simple but not monotonous  
The golden chrome frame decoration complements the large-board buttons  
Full of excellence and elegance

## 588 COMPOSITE ACRYLIC

Harmony is the secret to creating elegance, just like K8 series switches  
Under the leather texture background is a chrome-plated frame,  
Wrapped in a gift-like decoration,  
In the center of the dermatoglyph is a simple and generous button

## Intelligent voice control switch

Built-in smart voice chip to replace traditional wall switch  
You can realize the voice control of the light bulb in the home

### Product feature

Voice control, one-key implementation

Mobile APP remote control

Voice interaction, new intelligent experience

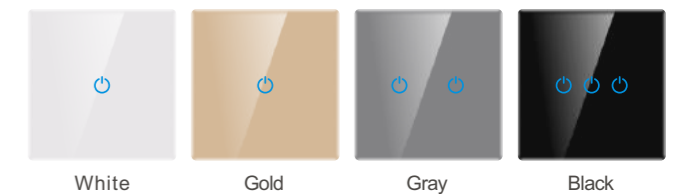

Tempered Glass

Smart timing

Bluetooth connected directly

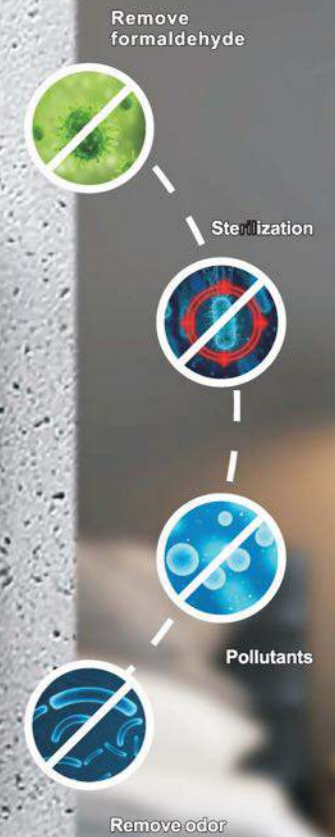

**Ozone sterilizing  
air purifier**

**Wall type negative  
ion purifier power socket**

**Three-state purification of physics, chemistry and microorganisms**

Mode M1-low: <negative ion mode> After anion O2 works for 15 minutes, it stops for 15 minutes, and the cycle starts

Horizontal M2-Mid: <Ozone+Negative Ion Cycle Mode>Ozone O3 works for 10 minutes, stops for 50 minutes, and the cycle starts! After the negative ion O2 works for 30 minutes, it stops for 30 minutes, starts the cycle, and shuts down after 8 hours.

Mode M3-High: <Timed shutdown ozone mode> Ozone O3 works for 30 minutes, then stops for 30 minutes, Shut down after 3.5 hours of cycle start.

**Purification principle**

Use the strong oxidizing power of ozone to destroy the cell wall of decomposing bacteria, decompose and kill bacteria, clean the air

**Purification principle**

The purifier releases ecological → grade negative oxygen ions → physical adsorption of harmful substances → the two merge into harmless substances → purification is completed
