

# Product datasheet

## Specifications

### Motor operator 230V

### for Frame 400

MOTP7400M

Device application	Automatic spring charging
Range of product	MCCB Frame 400
Product or component type	Motor mechanism
Rated operational voltage, Us	230V
Operating threshold	0.85~1.1Us
Control signal type	Impulse Maintained
Circuit breaker mounting mode	Fixed
Circuit breaker response time	<1000ms
Maximum power consumption in W	600W
Range compatibility	MF400 MT400 ME400 iME400
Connection - terminal	Screw clamp terminals
Dimensions (AxH)	176x144mm
