

Technical Datasheet

645X LED EMERGENCY LIGHTS SERIES

The LED Emergency Light features a patented design with high-brightness illumination and fire-resistant materials, delivering enhanced safety, reliable performance, and dependable operation during emergency situations.

Input Voltage		85-265V~				
Frequency		50/60Hz				
Power		4W, 6W, 8W and 2x5W				
Battery (3.7V)		1800mAh, 2200mAh and 2600mAh				
Ambient temperature range		-20 to +40°C				
Dimensions						
Code	Power	Battery (3.7V)	Product Size (mm)	Packing (Qty/Ctn)	IP	Picture
6451 0105 2112	2x5W	2600mAh	190x235x61	20	20	
6452 0065 2122	6W	1800mAh	280x108x65	20	30	
6453 0085 2312	8W	2200mAh	365x165x55	20	65	
6453 0045 3322	4W	1800mAh	265x52x98	50
